

# PROFILE

Before you apply the NOSM logotype, take a moment to read how it should be done correctly.

The logo should be used as suggested below.

For light backgrounds use the black/blue version of the logotype, [ SEE ABOVE RIGHT ] or use the version in all black.

For dark backgrounds use the white/blue version of the logotype, [ SEE ABOVE LEFT ] or use the version in all white.

Logotype has to breathe, so always leave some space around. [ SEE BOTH SIDES ABOVE ]

The following should be avoided when using the logo. [ SEE ALSO EXAMPLES ON THE RIGHT ]

DO NOT COMPRESS, but feel free to scale the logo.

DO NOT ROTATE the logotype.

DO NOT ADD COLOR you like.

DO NOT ADD EFFECTS like 3D, shadows, glows, etc.
